**FLccSC**

Fundamental Learning
Collaborative for the Cancer
Surveillance Community

Florida's New Distance Learning Platform

Jill MacKinnon, PhD
Former FCDS PI/PD
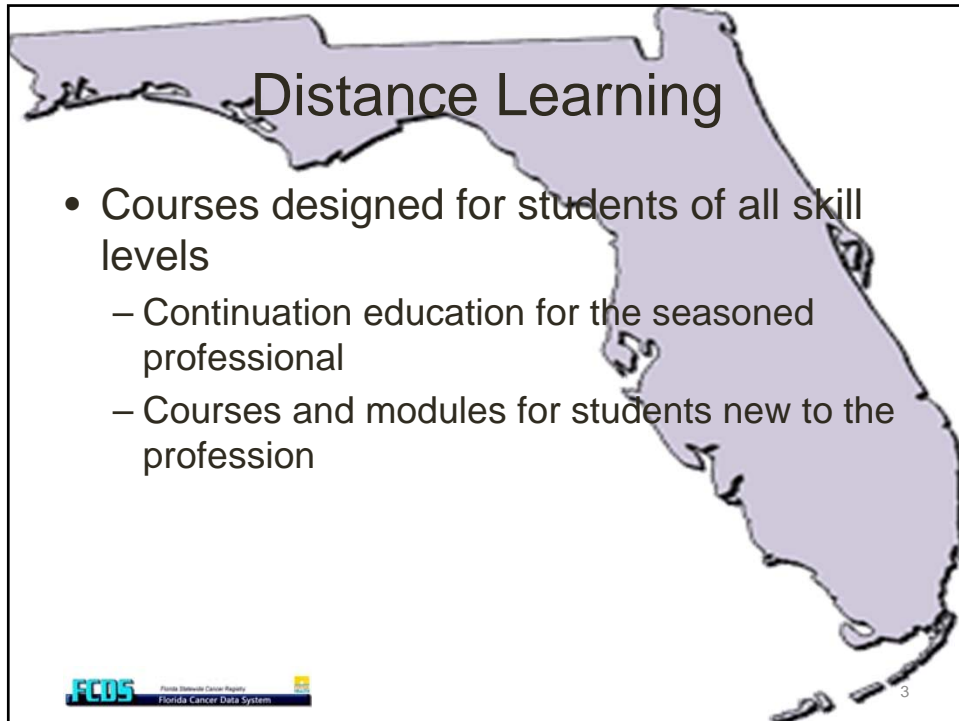

What is FLccSC

- Web based distance educational platform
 - Learning Management System (LMS)

Distance Learning

- Courses designed for students of all skill levels
  - Continuation education for the seasoned professional
 - Courses and modules for students new to the profession

3

Development

- FLccSC was developed collaboratively by the Florida Cancer Data System and the South Carolina Central Cancer Registry

- Developmental funding from the respective states and the CDC
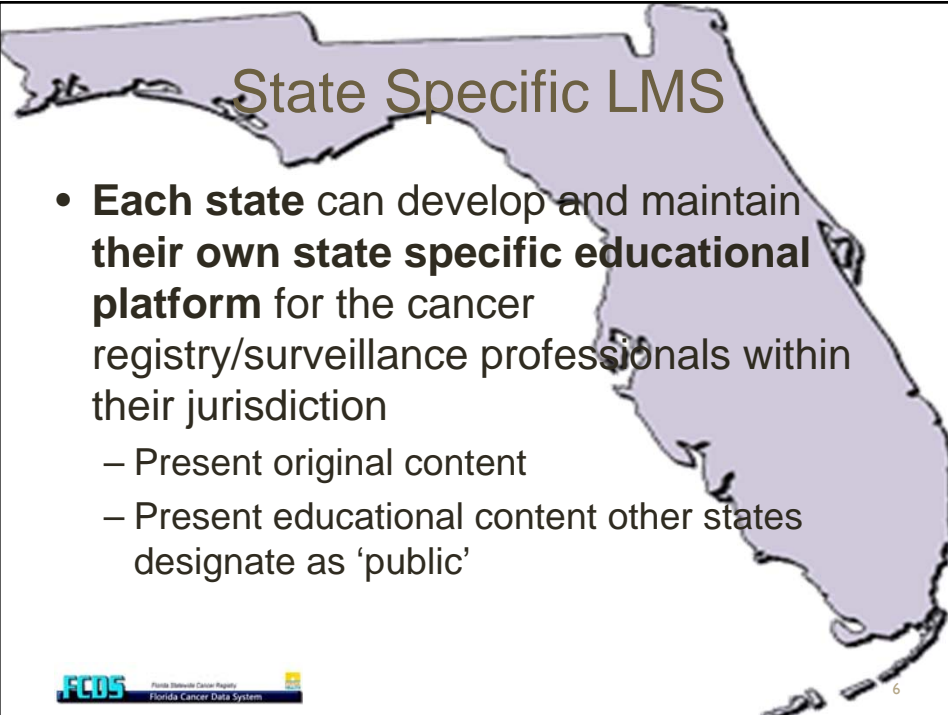

4

Fundamental Learning Collaborative for the Cancer Surveillance Community (FLccSC)

FLccSC is a stand-alone, web-based learning management system (LMS) which allows a Central Cancer Registry (CCR) to customize a fully functioning LMS to address the specific needs of the respective state

FCDS Florida Statewide Cancer Registry
Florida Cancer Data System

5
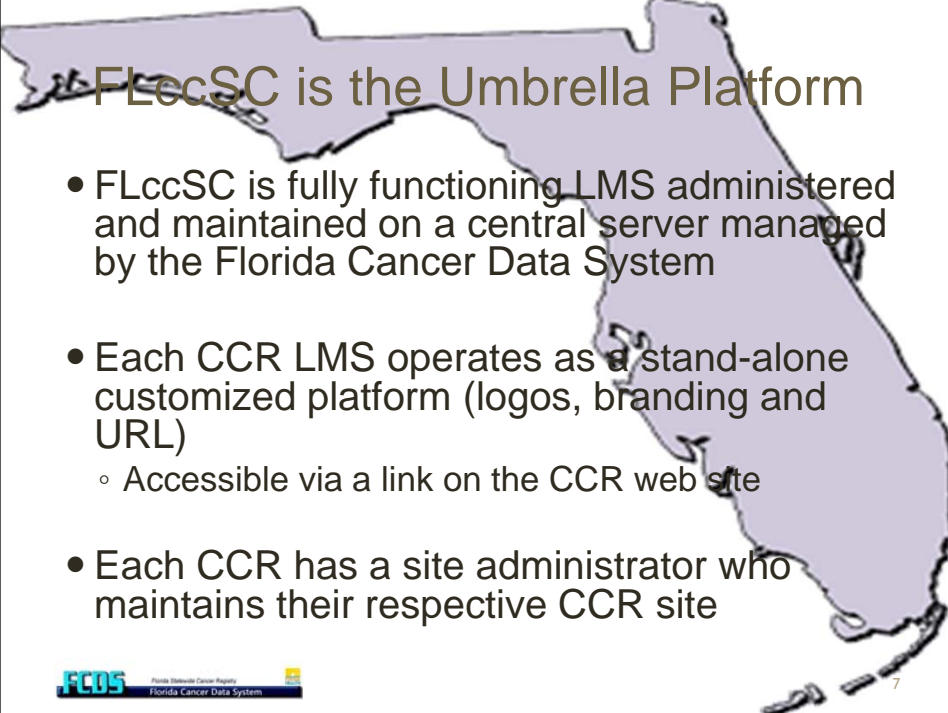

State Specific LMS

- **Each state** can develop and maintain **their own state specific educational platform** for the cancer registry/surveillance professionals within their jurisdiction
    - Present original content
    - Present educational content other states designate as 'public'

FCDS Florida Statewide Cancer Registry
Florida Cancer Data System

6

FLccSC is the Umbrella Platform
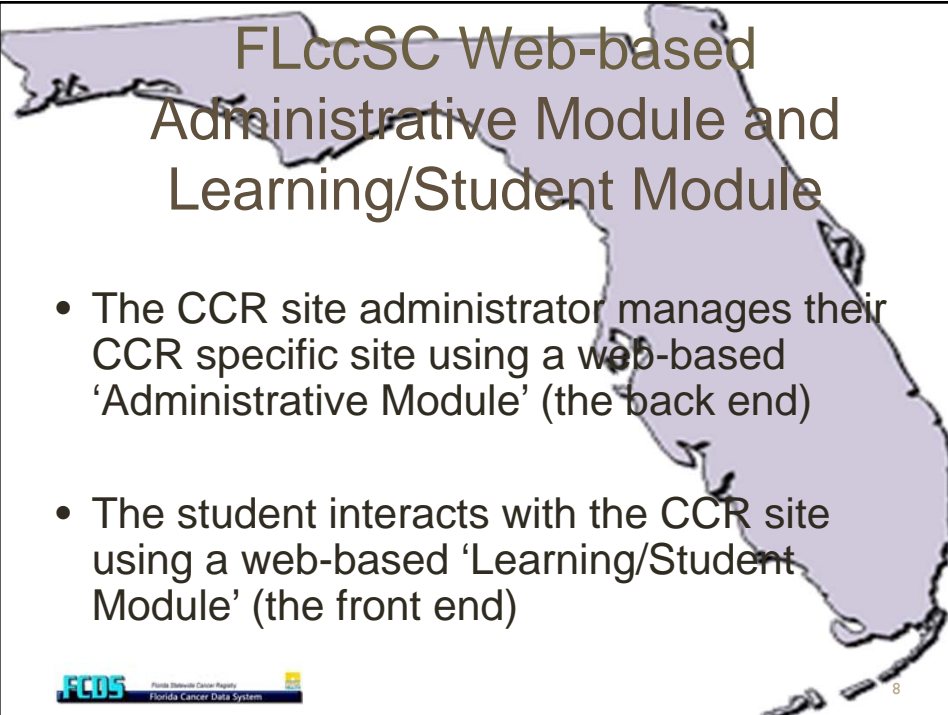

- FLccSC is fully functioning LMS administered and maintained on a central server managed by the Florida Cancer Data System

- Each CCR LMS operates as a stand-alone customized platform (logos, branding and URL)
  ◦ Accessible via a link on the CCR web site

- Each CCR has a site administrator who maintains their respective CCR site

7

FLccSC Web-based Administrative Module and Learning/Student Module

- The CCR site administrator manages their CCR specific site using a web-based 'Administrative Module' (the back end)

- The student interacts with the CCR site using a web-based 'Learning/Student Module' (the front end)
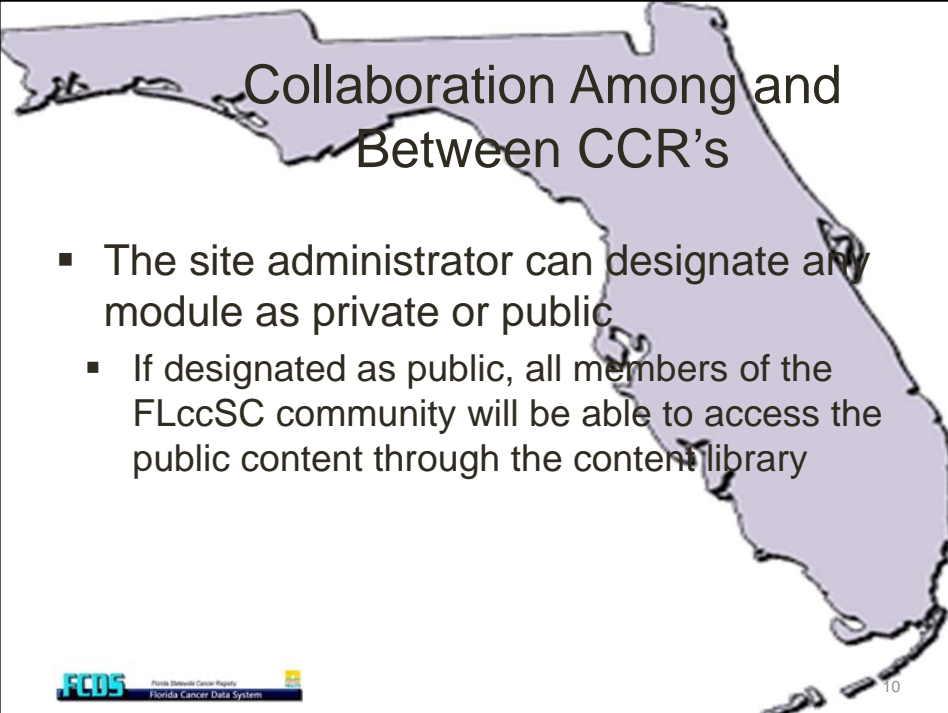

8

FLccSC Functionality

- All the administrative functions are built into FLccSC and available to each CCR
  - Site administration
    - Login and home page customization
    - CCR logos
  - Educational modules/quiz
    - Course content (video, PDFs)
    - Quiz
  - Student profile and management
  - Reports
    - CCR and student

9

## Collaboration Among and Between CCR's

- The site administrator can designate any module as private or public
  - If designated as public, all members of the FLccSC community will be able to access the public content through the content library

10

Evolution

- FCDS began using distance learning many years ago
  - Moodle
- Moodle was not developed by FCDS
  - Couldn't modify basic structure
  - It didn't interface with IDEA
- All distance learning/education activities within Florida are managed through FLccSC
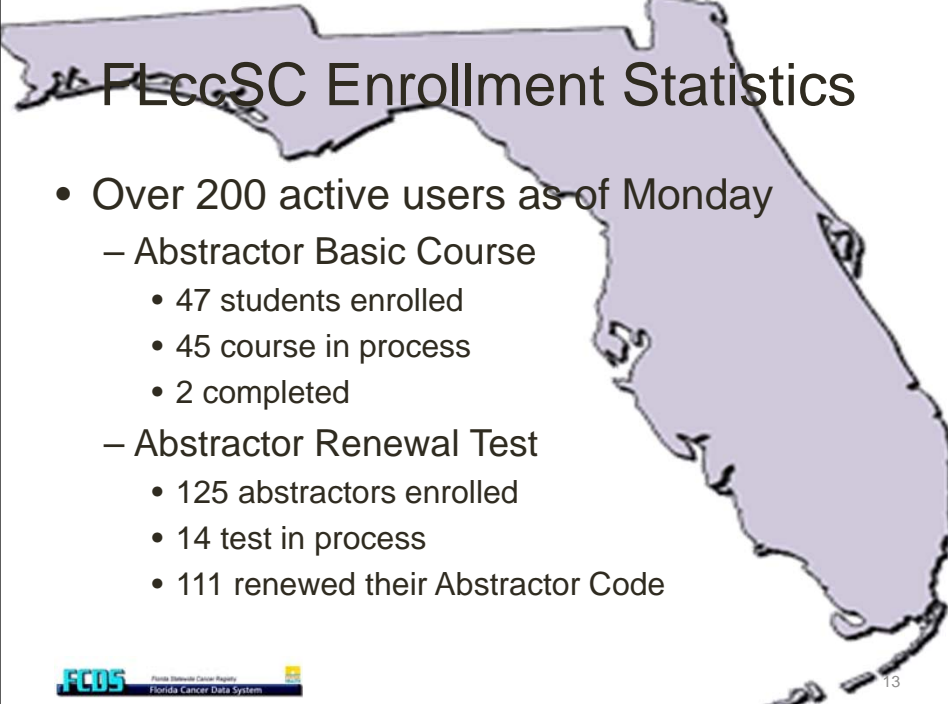

11

FLccSC Users
Show of Hands

12

FLccSC Enrollment Statistics
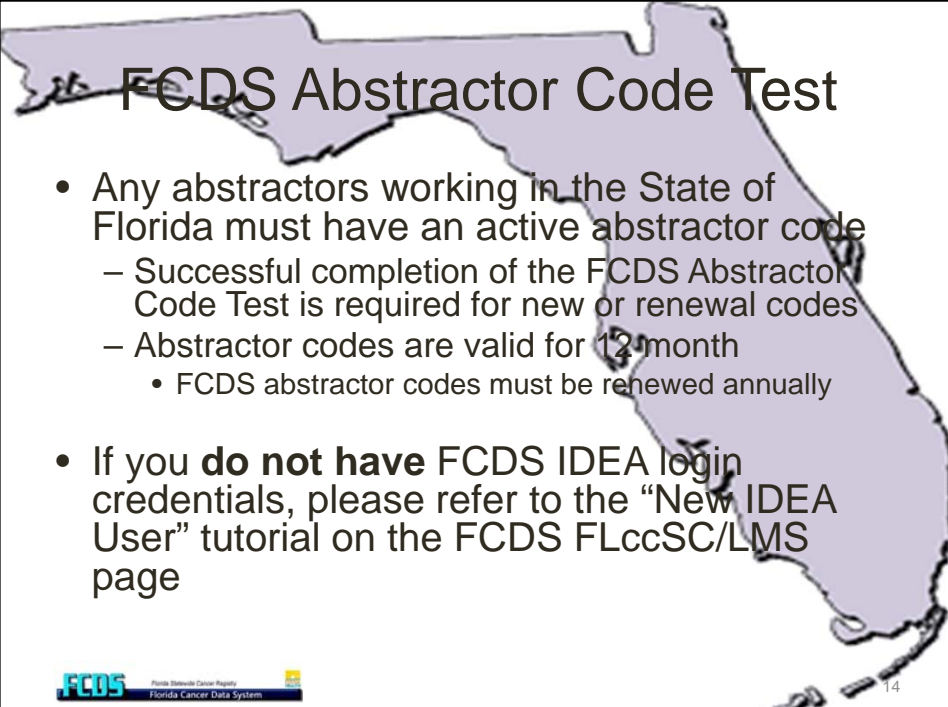

- Over 200 active users as of Monday
  - Abstractor Basic Course
    - 47 students enrolled
    - 45 course in process
    - 2 completed
  - Abstractor Renewal Test
    - 125 abstractors enrolled
    - 14 test in process
    - 111 renewed their Abstractor Code

13

FCDS Abstractor Code Test

- Any abstractors working in the State of Florida must have an active abstractor code
  - Successful completion of the FCDS Abstractor Code Test is required for new or renewal codes
  - Abstractor codes are valid for 12 month
    - FCDS abstractor codes must be renewed annually

- If you **do not have** FCDS IDEA login credentials, please refer to the "New IDEA User" tutorial on the FCDS FLccSC/LMS page

14

How to Obtain and Renew your FCDS Abstractor Code

- Abstractors with an Abstractor Code or Abstractors wishing to get an Abstractor Code **MUST log into FLccSC through IDEA**

- Abstractors must login to FCDS IDEA, click the 'Education/FCDS Tools' menu item, select the Learning Management System option to access FLccSC in order to take the test

- Renewal: Abstractors will be notified via email one month prior to their code expiration date
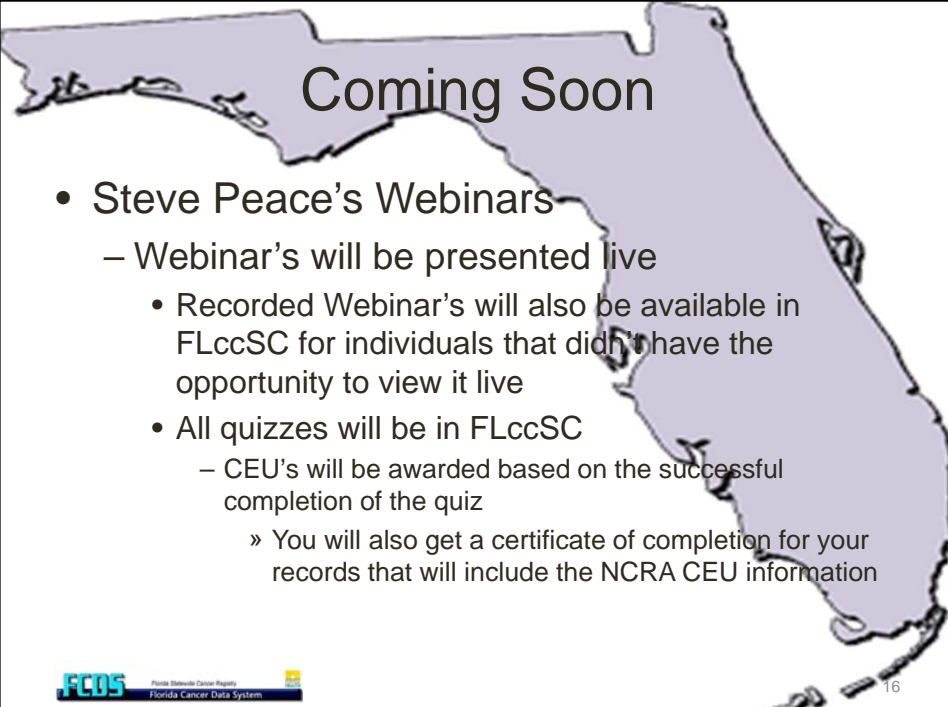

15

Coming Soon

- Steve Peace's Webinars
  - Webinar's will be presented live
    - Recorded Webinar's will also be available in FLccSC for individuals that didn't have the opportunity to view it live
    - All quizzes will be in FLccSC
      - CEU's will be awarded based on the successful completion of the quiz
        - » You will also get a certificate of completion for your records that will include the NCRA CEU information

16
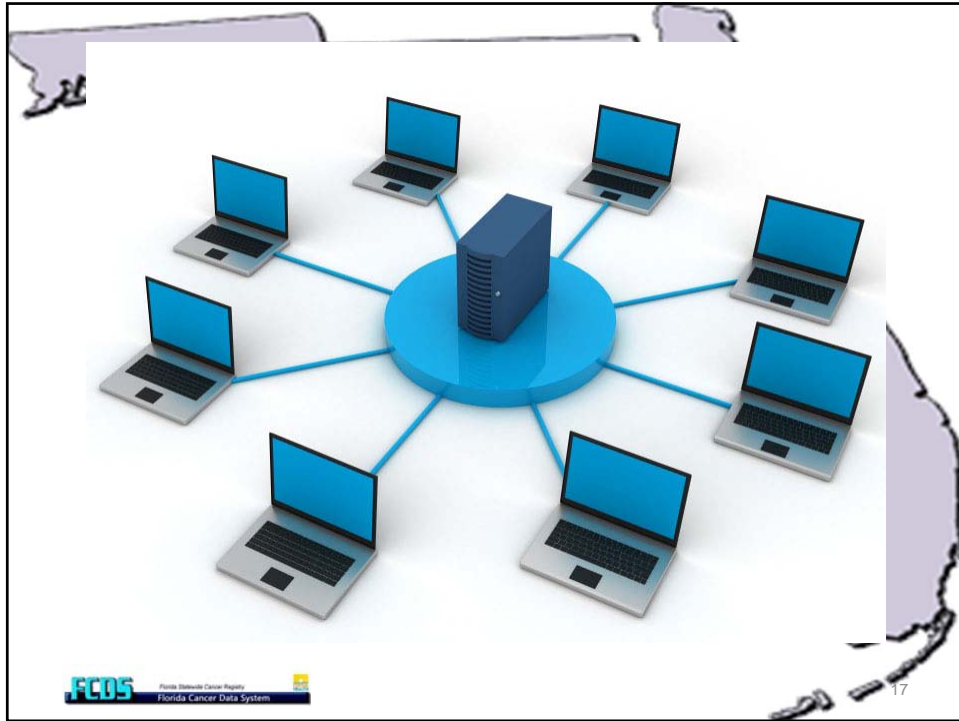

Enhancements

- What can we do to enhance FLccSC
  - New modules
  - Interface enhancements
  - Facility Specific FLccSC Member??
  - Other??????

Contact the Help Desk with any Issues
