FCDS estimates it will take until the end of 2018 to complete the substantial updates required to bring the FCDS Abstracting Basics Course (ABC) and the more than 1000 slides in 20 modules up to the 2018 Standards.

The Course will remain open and available for new registrars. However, it should be taken with extreme caution as it is significantly out of date going back more than 5 years since the last time it was updated.
