“Funding for this conference was made possible (in part) by the Centers for Disease Control and Prevention. The views expressed in written conference materials or publications and by speakers and moderators do not necessarily reflect the official policies of the Department of Health and Human Services, nor does the mention of trade names, commercial practices, or organizations imply endorsement by the US Government.”

FCDS would also like to acknowledge the Florida Department of Health for its support of the Florida Cancer Data System, including the development, printing and distribution of materials for the 2021 Virtual FCDS Annual Conference and the 2020-2021 FCDS Webcast Series under state contract CODJU. The findings and conclusions in this series are those of the author(s) and do not necessarily represent the official position of the Florida Department of Health.

We Have High Expectations for Training in Florida

5

- Trained/Qualified Personnel must perform abstracting
- Working knowledge of basic human anatomy
- Working knowledge of medical terminology, diagnostic testing, classification, treatment and outcomes as related to cancer
- Every registrar/abstractor planning to work in the State of Florida is required to obtain an individual FCDS Abstractor Code. This requires annual testing regardless of CTR status
- FCDS will not accept any cases from individuals without an *Active/Current* FCDS Abstractor Code
- Know Section I of the FCDS DAM – Reporting Instructions
- FC/QC Monitor – Monitors All Deadlines/Audit Outcomes
- YOU are Responsible for Quality of Your Contractors Work
- Abstracting Non-Analytic and Historical Cancers for Florida

Please make sure ALL of your staff have attended training on EACH of the new 2021 standards and ALL of the new and updated manuals, instructions, rules, guidelines, codes, conversions and everything else that is occurring within your 2021 compliant software

Set Equally High Expectations for Contractors

6

- **Screening Contractors / Interim Cancer Registry Service Providers**
 - Know your role in their process – direct access to management
 - Do the Cancer Registry Specialists have Florida Experience
 - Screening, Credentials and Experience of Staff doing the work
 - ✦ Are staff current with knowledge and requirements you need
 - ✦ Are you getting experienced abstractors or brand new CTRs
 - ✦ Are staff familiar with Florida Reporting Requirements, FCDS DAM and FCDS QC
 - Supervision of Staff doing the work – ongoing and post-submit
 - ✦ Do Abstracts have Quality Checks before Transmission to State
 - Size your work project with reasonable milestones
 - What are Fees/Structure and Detail Responsibilities (corrects)
 - Specifically Discuss How to Manage Post Staffing Audits
 - Be clear with Deadlines and Expectations – Feedback to Mgrs
 - Are there penalties for under-performance or non-performance (during/post contract)

Please make sure ALL of your staff have attended training on EACH of the new 2021 standards and ALL of the new and updated manuals, instructions, rules, guidelines, codes, conversions and everything else that is occurring within your 2021 compliant software

Recommended Training Resources for New Registrars

FCDS has put together a listing of available Training Resources for New Registrars while we continue to work on updating our Abstracting Basics Course for the 2021 Standards. We hope this will help new registrars with reliable training resources and help along with the FCDS ABC Course Outline to cover the primary topics necessary to learn how to abstract and to understand the basics of what it takes to become a Cancer Registrar.

FCDS has never been in the business of training registrars to become CTRs. We primarily focus on training abstractors how to abstract cases from medical record source data and to code the abstracted data according to national data standards. It is normal to become confused and overwhelmed by the manuals, instructions, websites, and basic cancer information available.

Moreover, becoming a CTR requires additional training including but not limited to a thorough knowledge of the contents of the TEXTBOOK: *Cancer Registry Management – Principles and Practice for Hospitals and Central Registries, 3rd edition*. ISBN 978-0-7575-6900-5 (order at <http://ncra-usa.org/> or <http://www.kendallhunt.com>)

We hope this listing of available training resources will be of help in getting new registrars started. This is a complicated field and requires knowledge of many resources and manuals.

NAACCR also offers a FREE Cancer Registrar Training Guide on their Website that provides a 51-week guide to learning all things Cancer Registry Related including a Progress Tracking Form. Becoming a Cancer Registrar and becoming a Certified Tumor Registrar (CTR) is a lengthy process. You must be patient and thorough in your training and learning. Take your time. Most registrars recognize that it takes a good 2 years before you even know what you don't know. Then another 3 years to become proficient in the tools and resources required to work.

The NAACCR Cancer Registrar Training Guide, v4 was published in 2020 and is available at <https://www.naacr.org/wp-content/uploads/2020/05/Registry-Training-Guide-1.pdf>

Terms of Use Agreement

By taking possession of a video recording, in digital format, of a "webinar" session (hereinafter known as the "media file") previously hosted by North American Association of Central Cancer Registrars, Inc. ("NAACCR"), the party receiving the media file (hereinafter known as "Purchaser") either by download, transfer, or by means of recordable media, is subject to the terms and conditions set forth in this agreement. Those terms and conditions are as follows:

- (1) The media file may only be distributed to employees within, or members of, the Purchaser's organization or to employees within, or members of, entities that are required to submit information to the Purchaser's organization as required by law (for example, hospitals that must submit data to a central registry).
- (2) Under no circumstances may Purchaser charge a fee for the distribution of the media file to any third party including, but not limited to, employees and/or members of Purchaser.
- (3) The distribution of the media file is limited to specific forms only; these forms are as follows:
 - a. Posting to an internal intranet that is accessible only by those described in (1).
 - b. By electronic mail sent only to persons described in (1).
 - c. Posting to a private, username and password protected FTP site, the username(s) and password(s) of which will only be distributed to persons described in (1).
 - d. Posting to a public website on a page that is username and password protected, the username(s) and password(s) of which will only be distributed to persons described in (1).
 - e. Transfer of recordable media (such as floppy disks or writable/re-writable CDs or DVDs) to persons described in (1).
- (4) The media file may not be distributed by other means; these include, but are not limited to:
 - a. Posting to an external website with no username and password protection.
 - b. Posting to a public (anonymous) FTP site.
 - c. Distribution on recordable media to persons other than those described in (1).
 - d. Transfer via electronic mail to persons other than those described in (1).
