NEW CODES FOR EXISTING DATA ITEMS

C. New Codes Added to Existing Fields

- a. **NAACCR Item # 150 - Marital Status at DX - Code 6** - Unmarried or Domestic Partner (same sex or opposite sex, registered or unregistered)
- b. **NAACCR Item # 1290 - RX SUMM - Surgery Primary Site - BREAST - Code 76** - Bilateral mastectomy for a single tumor involving both breasts, as for bilateral inflammatory carcinoma

13

"AS AVAILABLE" DATA ITEMS FOR TRANSMIT

D. Additional Data Items to Include in Transmission "As Available"

All CoC-Approved Registries are required to collect Clinical TNM data items. FCDS encourages all software vendors to include the following CoC-Required data items as part of the FCDS Data Transmission for one year of data collection (2011 only). Please note table below:

NAACCR Item #	Item Name	Start Position	Stop Position	Length
940	TNM Clin T	958	961	4
950	TNM Clin N	962	965	4
960	TNM Clin M	966	969	4
970	TNM Clin Stage Group	970	973	4
980	TNM Clin Descriptor	974	974	1
990	TNM Clin Staged By	975	975	1
1060	TNM Edition Number	938	939	2

14

"AS AVAILABLE" DATA ITEMS FOR TRANSMIT

E. Items Collected "As Available" and the 5 "NPI-Physician" Data Items

"Blanks" are allowed in any of the "As Available" or "NPI-Physician" data items. FCDS encourages all registries and vendors to attempt to identify, capture and code all data items, including the "as available" and the 5 "NPI-Physician" data items. However, FCDS recognizes these items may not be available or may not be applicable to all cases. "Blanks" are acceptable in these fields when data are not available.

New Data Items for 2011

16

REASON FOR NO RADIATION

- ✦ Reason for No Radiation identifies why radiation therapy was not provided to the patient and distinguishes a physician's not recommending this therapy due to contraindicating conditions from a patient's refusal of a recommended treatment plan.

17

REASON FOR NO RADIATION

Code	Definition
0	Radiation therapy was administered.
1	Radiation therapy was not administered because it was not part of the planned first course treatment.
2	Radiation therapy was not recommended/administered because it was contraindicated due to other patient risk factors (comorbid conditions, advanced age, progression of tumor prior to planned radiation etc.).
5	Radiation therapy was not administered because the patient died prior to planned or recommended therapy.
6	Radiation therapy was not administered; it was recommended by the patient's physician, but was not administered as part of first course treatment. No reason was noted in patient record.
7	Radiation therapy was not administered; it was recommended by the patient's physician, but this treatment was refused by the patient, the patient's family member, or the patient's guardian. The refusal was noted in patient record.
8	Radiation therapy was recommended, but it is unknown whether it was administered.
9	It is unknown if radiation therapy was recommended or administered. Death certificate and autopsy cases only.

18

NATIONAL PROVIDER ID (NPI) - PHYSICIANS

- ✗ Identifies the physician(s) responsible for the management of the patient during diagnosis and/or treatment for this cancer
- ✗ Record the 10-digit NPI for each physician
 - + Managing Physician
 - + Follow-Up Physician
 - + Primary Surgeon
 - + Radiation Oncologist
 - + Medical Oncologist
- ✗ NPI should be recorded "as available"
- ✗ Individual NPI may be left blank when not applicable

19

NATIONAL PROVIDER ID (NPI) - PHYSICIANS

- ✗ FCDS encourages all registries and vendors to attempt to identify, capture, code and transmit all required and "as available" data items, including Physician NPI number.
- ✗ CoC Facilities already collect these data
- ✗ Non-CoC Facilities and Contractors MUST enter NPI or provide text documentation as to specific physician(s) providing care to each patient – TEXT REQUIREMENT.

NPI Registry Search

Please enter data for at least one of the following fields. If searching on Practice Address State, you must enter data for at least one other field. To perform a wild card search, at least two characters must be entered before the "*". For example, to search for data beginning with "Ch", enter "Ch*"; Wild card searches are only available on the Provider First Name, Provider Last Name and Practice Address City fields. Information in the NPI Registry is updated daily.

TOBACCO USE CODING

Tobacco use should be recorded from the Nursing Interview Guide, Flow Chart, Vital Stats or Nursing Assessment section, or other available source from the patient's hospital medical record or physician office record.

Codes	Description
0	Never used
1	Current user
2	Former user, quit within one year of the date of diagnosis
3	Former user, quit more than one year prior to the date of diagnosis
4	Former user, unknown when quit
9	Unknown/not stated/no smoking specifics provided

- If the medical record only indicates "No," use code 9 ("Unknown")
- If the medical record indicates "None," use 0 ("Never Used")
